Carrie Baritsky reviewed notes from previous meeting in June – motion to accept the notes by Stephanie Hoover, second by Joel Gurley

Carrie Baritsky reviewed open business regarding next MidWest Chapter meeting originally planned for August week 1

Joel Gurley discussed findings from connecting with other LP professionals regarding potential for in person meeting. Feedback included LP teams still travel challenged, lingering fears of travel and in person meetings, physical location challenges as well. Joel will create survey to move forward with and send to the team for review. Recommend is to look at a virtual meeting for September.

Wayne Hoover suggested speaker for virtual meeting – Gary Novello, CFI – Director of Fraud for Bloomingdales. Discussed keeping the contact Jay Ganal had lined up for when meeting can be in person as it would also give us a space to conduct the meeting.

Wayne Hoover will take lead on reaching out to Gary for availability which will then support planning of dates. Due to conferences scheduled in August and October, September looks like the better month to conduct the meeting.

Discussed conducting the round table exercise during the Zoom meetings as these have proven successful. Carrie Baritsky, Kevin Morrison and Wayne Hoover will work thru the technical piece of conducting break out sessions on virtual platform. Axel Diaz, Joel Gurley, Kevin Morrison and Amy

Spang will work on topics for breakout sessions – explore suggestion from Wayne Hoover on rationalization activity.

Carrie Baritsky and Axel Diaz will review previous meetings topics to ensure that there is no overlap with recent meetings.

Carrie Baritsky will connect with Jay Ganal to determine date/time of next call for follow up and update on meeting planning.

Motion to close Stefanie Hoover, second by Axel Diaz.
